

WHY JOIN?

- · Get help to navigate the political, cultural, and social challenges that early-career leaders confront and thereby get support to thrive and get promoted.
- · Gain actionable insights from high performing, non-competitive peers.
- · Learn to build a "village" of support including allies and informal mentors inside and outside your company.
- · Discover the power of an external and non-competitive peer Council (which until now has been reserved only for CEOs and senior leaders).
- · Learn from a product management and leadership curriculum informed by Marty Cagan's books plus CG Founder Phyl Terry's Customers Included and key sections of his upcoming book on career navigation.

WHAT DO MEMBERS OF CG COUNCILS SAY?

This experience has provided me with the confidence and reassurance to ask for help (and to reciprocate), as I navigate my career opportunities.

- Emily Teter, Digital Product Manager, CDW

Collaborative Gain has helped me gain confidence in my own voice and if it hadn't been for this wonderful program, I wouldn't be as empowered in my career as I am today!

- Gracia Taylor, Designer, Dropbox
